# Why Support Coordinators Choose Spiral

## A Trusted Partner for Quality NDIS Supports

Spiral is a long-standing not-for-profit supporting adults with disability on the Sunshine Coast for over 40 years. Recognised for our reliability, professionalism, and collaboration with Support Coordinators, we ensure supports are coordinated, transparent, and outcomes-focused. Guided by Social Role Valorisation, we create real community belonging and meaningful roles for participants.

## Person Centred and Strengths Focused

Spiral delivers supports that centre the participant's goals, preferences, and unique abilities. Each plan is carefully tailored to the individual, building skills, confidence, and self-determination. We listen carefully, honour individuality, and co-design supports that empower participants to thrive in the community and achieve meaningful outcomes.

## Flexible, Meaningful Supports

Spiral provides support across daily living, community participation, life skills development, positive behaviour support, and employment. Creative, social, and recreational activities foster belonging, confidence, and connection. Our programs are flexible to meet individual goals and evolving needs.

## Safe, Inclusive, and Collaborative

Our accessible facilities and purpose built centre support learning, social connection, and community engagement. Spiral works closely with allied health professionals and other providers to ensure supports are coordinated, reliable, and solution-focused, giving Support Coordinators confidence in our partnership.

## Experienced Team and Best Practice

Spiral's skilled team combines professional expertise and lived experience to deliver high-quality, person-centred supports. We are a NDIS registered provider and operate across multiple registration groups, always prioritising safety, quality, and positive outcomes.
